

BLACK CARBON AND ORGANIC CARBON

STATE OF THE ART AND ISSUES FOR ENVIRONMENTAL POLICY

Tuesday 27th September, 2011 - Bologna

The working groups of the Italian Aerosol Society organize a workshop to discuss advanced research topics and challenges, at national and international level, on black carbon and organic carbon. The scope of the workshop is to assess the state of art of scientific knowledge about black carbon and organic carbon and the issues related to environmental policies, to improve the synergies between scientific and governmental agencies.

Scientific and Organizing Committee

D. Contini (ISAC-CNR), R. Vecchi (Università degli Studi di Milano)
E. Vignati (JRC), C. Lacerf (IAS)

PROGRAM

The workshop is organized in three sessions: each session includes a plenary talk and a discussion to highlight current research topics in the field and to exchange experiences and ideas.

10.00-10.30 Workshop introduction and information
(**F. Prodi, President of IAS**)

chairman: E. Vignati (JRC)

10.30-11.30 Black Carbon: from emissions to effects
(**M. Schaap, TNO**)

11.30-12.15 Discussion on Black Carbon

12.15-13.30 lunch buffet

chairman: C. Perrino (IIA-CNR)

13.30-14.30 Organic aerosol: sources, properties and impacts
(**S. Gilardoni, ISAC-CNR**)

14.30-15.15 Discussion on Organic Carbon

15.15-15.45 coffee break

chairman: G. Lanzani (ARPA Lombardia)

15.45-16.45 Issues for future policy of particles and research needs
(**M. Williams, King's College**)

16.45-17.30 Discussion on Policies

17.30 Closing Remarks

REGISTRATION

Registration fees include participation to the Workshop, coffee break and lunch buffet.

IAS (Italian Aerosol Society) Member:

Regular Member : 50 €

Young Member (*) : 20 €

Non IAS Member : 140 €

(*) students, research fellow, PhDs, no permanent position

The number of participants is limited to 70 persons and a pre-registration should be made before **17/07/2011**.

VENUE

Congress Centre, CNR Research Area

Via Gobetti, 101 - Bologna

You can easily reach the venue by car, from the main motorways, by plane (just a 10 minute taxi journey from Bologna airport), or, if you arrive by train, from the Central Railway Station with bus n.87 (more info at <http://www.bo.cnr.it/congressi/>).
